SUMMARY

Full Stack Developer with 11 months of experience building and deploying 7 production web applications. Expertise in Prisma ORM, React, Node.js, and PostgreSQL. Built applications including job portals, agent management systems, and business dashboards with role-based authentication. Seeking mid-level full stack roles.

WORK EXPERIENCE

I-Planet BPO Pvt. Ltd. | July 2025 - Present

- Built and deployed 7 production applications in 11 months, 3 actively used by internal teams
- Implemented Prisma ORM with MySQL and PostgreSQL across all projects for type-safe database operations
- Containerized applications using Docker, reducing deployment time from 2 hours to 20 minutes
- Implemented role-based access control (user/admin separation) with JWT authentication in 4 applications
- Deployed applications on Linux VPS with Nginx, PM2, and SSL certificate configuration

KEY PROJECTS:

1. Precision Career Connect — Job Portal | <https://precisioncareerconnect.com>

[Next.js, Prisma ORM, PostgreSQL, JWT, Docker]

- Built job portal platform connecting recruiters and job seekers
- Implemented Prisma schemas with relations (User → Job → Application)
- Integrated AI-powered resume builder feature using Openrouter API
- Containerized application with Docker for easy deployment

2. Swift Response Alert — Medical Alert Platform | <https://swiftresponsealert.com/>

[Next.js, Prisma ORM, PostgreSQL, JWT]

- Developed a medical alert e-commerce platform using Next.js, Prisma ORM, and PostgreSQL.
- Built product management, order processing, and inquiry handling workflows through an admin dashboard.
- Integrated Stripe payments and implemented secure JWT authentication with role-based access control.

3. IplanetAgentsDesk — Internal Agent Management | <https://iplanetagentsdesk.com/>

[Next.js, Prisma ORM, MySQL]

- Built internal platform for 50+ daily agents to manage energy forms and customer data.
- Created separate user/admin roles with full CRUD operations.
- Added internal Chat System to coordinate in groups and admin.

4. Procallhub — Business Web App | <https://www.procallhub.com/>

[Next.js, Prisma ORM, MySQL]

- Developed responsive business application with separate user/admin dashboards
- Implemented secure authentication and application management features.
- Created separate user/admin/superadmin roles with full CRUD operations.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, Angular, TypeScript, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Database & ORM:** Prisma ORM, PostgreSQL, MySQL, MongoDB
- **DevOps:** Docker, Nginx, PM2, Linux (Ubuntu), SSL, Git
- **Other:** SEO optimization, Responsive Design, Performance Optimization

CERTIFICATIONS

- MongoDB Associate Developer — In Progress
- Docker Essentials — In Progress
